

Red  Baron

**FEAR-LESS HIGH FLIERS  
CORPORATE DAY**

**THE SKY IS NOT THE LIMIT, IT IS OUR PLAYGROUND!**

## FOR THE FEARLESS HIGH FLIERS

As a business, are you known for your “work hard, play hard” attitude?

Are you developing leaders who challenge the status quo in your industry?

Are you thinking outside the box when it comes to rewarding and inspiring your team and clients?

It's time you experienced our exhilarating, adrenaline - inducing roller coaster of thrills 4000ft in the air.

### **THE SKY IS NOT THE LIMIT, IT IS OUR PLAYGROUND!**

Reward your staff, entertain your clients or challenge and inspire your team with the Red Baron Fear-Less corporate day.

*We work with the game changers, the innovative leaders, the risk takers and we help you take your business to the next level.*

If you're looking for an ordinary corporate day, we're not for you. If you're looking for a once in a lifetime experience, that your team and clients (and competitors!) will be talking about forever then together, let's rule the sky!

## Who is Red Baron?

Red Baron is Australia's premier flying school and aerobatic specialist located at Sydney's Bankstown airport. Incorporating The Sydney Aerobatic School, Red Baron has been providing the highest quality and standards of professional, private pilot, aerobatic, scenic, training and adventure flights for over 30 years.

The Red Baron fleet of planes are often seen flying over Sydney's magnificent beaches performing daring feats of aerobatic gymnastics!

## What does your Fear-Less Adventure day look like?

Your adventure day begins as everyone gets into flight suits, complete with your company logo badge, for team photos before preparing to take to the skies above Sydney for individual aerobatic flights.

After a full briefing and aircraft inspection, everyone will be strapped into their aircrafts and gradually introduced to the world of aerobatics; the passenger fully controls the intensity level of the aerobatics at all times, so it's as wild as you want it to be!

The feeling of tumbling through the skies and adrenalin-pumping aerobatics will have everyone hard pressed to stop smiling and we'll continue to enjoy more team fun as we debrief and enjoy a light meal together.

There's plenty of branding opportunities that we will capture for you - this is no ordinary corporate day and you will want to tell the world about it!

This is an experience guaranteed to live on with memories that will last a lifetime!

## Your Adventure flight options!

### The Extra 200

This is the most extreme aerobatic experience around! A top speed of 410km/h, a climb rate of 2000 feet per minute and a staggering roll rate of 360 degrees per second. This flight is not for the faint hearted! You'll experience G forces of anywhere between +8G and -4G, alternatively being pushed into your seat or pulled hard against your harness as you experience a sequence of neck numbing, adrenaline flooding aerial ballet manoeuvres that will test yours, and the aircrafts limits and leave you feeling like a Red Bull air race pilot.

### The Pitts Special S2A Bi Plane

Over St Mary's- in the designated training area- you'll climb to 3500ft-4000ft.

You'll get a birds eye view from your open air cockpit as you start with some basic manoeuvres- like loops, barrel rolls, wingovers and hammer head turns to get the feel of things. After a couple of spins to shake things out, your pilot will put all of these elements together into an adrenaline inducing sequence of the type used in aerobatic competitions. You will experience G Forces of anywhere between +6G and -3G.

### The Robin 2160

Let the Red Baron treat you to a roller coaster of thrills 4000ft in the air as your pilot gives you a taste of G Forces between +6G and -3G as you move between combination manoeuvres; things like a Roll Off The Top- a half loop followed by a half roll- and a Split S, the reverse of the Roll off the Top- a half roll followed by a half loop. The side by side seating with your pilot and large bubble canopy allows your pilot to take you through each manoeuvre as you go through it.

### The 2 Star Adrenaline Scenic Experience

If required there is also an option for a Sydney Scenic Harbour flight for a less extreme experience in the special S2A plane or Robin 2160 plane.

>>>
